SINGLE-DWELLING VIDEO KITS

363911

Pack	Item	
		CLASSE 300X13E – LINEA 3000 handsfree video kit with call redirection on smartphone and door lock release key cards <p>Single-dwelling handsfree kit with: Classe 300X13E internal video unit in light finish with Wi-Fi, handsfree, Inductive Loop, 7" Touchscreen LCD display and video door entry answering machine with call audio/video memory; LINEA 3000 push-button panel with Zamak front cover, wide angle colour camera and proximity reader and with a kit of coloured key cards and two door lock release clear discs. Can be configured for single-dwelling or dual residency installations. It can manage a maximum of 20 key cards (125KHz) for the electric door lock release (including the one for the system management). Nameplate lit by white LED. Can be wall or flush mounted with specific accessories: (350020) flush mount box with (343061) flush mount accessory - to be purchased separately. Can be fitted with rainshield (343051) - to be purchased separately. The push-button panel has an IP54 protection rating + IK10 mechanical impact rating. The Wi-Fi connection integrated in the internal video unit, makes it possible to associate the device to the Door Entry App (available for Android and iOS). Manage the main internal video unit functions (receiving calls, opening the door lock, activating the entrance panel/cycling and extra activations). The internal video unit has call audio/video memory and Inductive Loop function (to enable use by people wearing hearing aids fitted with T selector). It has capacitive keys for the control of the main video door entry functions: door lock release, handsfree connection, activation of entrance panel/camera scrolling and favourite key (can be configured to activate the quick actions most frequently used - eg: staircase lights control, Intercom, additional activations).</p> <p>Access to configuration, adjustments and functions using the touch display with graphic interface. Wall mount or table-top installation with specific support (344632) - to be purchased separately.</p>
1	363911	Complete single-dwelling kit <p>(Easy switch to dual residency system by purchasing an additional internal unit - refer to 2-wire system internal units range).</p>

DOOR ENTRY APP DESIGNED FOR THE FINAL USER

Using your smartphone, the DOOR ENTRY App allows you to manage internal video unit calls locally and remotely. With a simple touch open the gate, activate the cameras and switch the garden timed lights on. Configuring the App needs just a few steps and, via the BTicino Cloud, the remote connection is totally automated and managed with the maximum level of security.
